About Genpact

Genpact (NYSE: G) stands for "generating business impact." We are a global leader in digitally-powered business process management and services. We architect the Lean DigitalSM enterprise through our patented Smart Enterprise Processes (SEPSM) framework that reimagines our clients' operating model end-to-end, including the middle and back offices. This creates Intelligent OperationsSM that we help design, transform, and run. The impact on our clients is a high return on transformation investments through growth, efficiency, and business agility. For two decades, first as a General Electric division and later as an independent company, we have been passionately serving our clients. Today, we generate impact for a few hundred strategic clients, including approximately one-fifth of the Fortune Global 500, and have grown to over 70,000 people in 25 countries, with key offices in New York City. The resulting business process and industry domain expertise and experience running complex operations are a unique heritage and focus that help us drive the best choices across technology, analytics, and organizational design. Reconciliation of Non-GAAP Financial Measures to GAAP Measures

To supplement the consolidated financial statements presented in accordance with GAAP, this press release includes the following measures defined by the Securities and Exchange Commission as non-GAAP financial measures:

- Adjusted income from operations;
- · Adjusted net income attributable to shareholders of Genpact Limited, or adjusted net income; and
- Adjusted diluted earnings per share attributable to shareholders of Genpact Limited, or adjusted diluted earnings per share.

These non-GAAP financial measures are not based on any comprehensive set of accounting rules or principles and should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP, and may be different from non-GAAP financial measures used by other companies. In addition, these non-GAAP financial measures, the financial statements prepared in accordance with GAAP and the reconciliations of Genpact's GAAP financial statements to such non-GAAP financial measures should be carefully evaluated.

Prior to July 2012, Genpact's management used financial statements that excluded significant acquisition related expenses, amortization of related acquired intangibles, and amortization of acquired intangibles at the company's formation in 2004 for its internal management reporting, budgeting and decision making purposes, including comparing Genpact's operating results to that of its competitors. However, considering Genpact's frequent acquisitions of varying scale and size, and the difficulty in predicting expenses relating to acquisitions and amortization of acquired intangibles thereof, since July 2012 Genpact's management uses financial statements that exclude all acquisition-related expenses and amortization of acquired intangibles for its internal management reporting, budgeting and decision making purposes, including comparing Genpact's operating results to that of its competitors. Acquisition-related expenses are excluded in the period in which an acquisition is consummated.

Net interest referred to in the reconciliation of adjusted income from operations below represents the net total of interest expense and interest income for the periods presented.

Additionally, Genpact's management uses financial statements that exclude stock-based compensation expense. Because of varying available valuation methodologies, subjective assumptions and the variety of award types that companies can use when adopting ASC 718 "Compensation-Stock Compensation," Genpact's management believes that providing non-GAAP financial measures that exclude such expenses allows investors to make additional comparisons between Genpact's operating results and those of other companies. Genpact also believes that it is unreasonably difficult to provide its financial outlook in accordance with GAAP for a number of reasons, including, without limitation, its inability to predict its stock-based compensation expense under ASC 718, the amortization of intangibles associated with further acquisitions and acquisition-related expenses. Accordingly, Genpact believes that the presentation of adjusted income from operations and adjusted net income, when read in conjunction with the Company's reported results, can provide useful supplemental information to investors and management regarding financial and business trends relating to its financial condition and results of operations.

A limitation of using adjusted income from operations and adjusted net income versus income from operations and net income calculated in accordance with GAAP is that these non-GAAP financial measures exclude a recurring cost, namely stock-based compensation. Management compensates for this limitation by providing specific information on the GAAP amounts excluded from adjusted income from operations and adjusted net income.

The following tables show the reconciliation of these adjusted financial measures from GAAP for the year and three months ended December 31, 2014 and 2015:

Forward-looking statements

These materials contain certain statements concerning our future growth prospects and forward-looking statements, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. These statements are based on Genpact's current expectations and beliefs, as well as a number of assumptions concerning future events. These statements involve a number of risks, uncertainties and other factors that could cause actual results to differ materially from those in such forward-looking statements. These risks and uncertainties include but are not limited to a slowdown in the economies and sectors in which our clients operate, a slowdown in the BPO and IT Services sectors, the risks and uncertainties arising from our past and future acquisitions, our ability to convert bookings to revenues, our ability to manage growth, factors which may impact our cost advantage, wage increases, our ability to attract and retain skilled professionals, risks and uncertainties regarding fluctuations in our earnings, foreign currency fluctuations, dependence on tax legislation, general economic conditions affecting our industry as well as other risks detailed in our reports filed with the U.S. Securities and Exchange Commission (the "SEC"), including the Company's Annual Report on Form 10-K. These filings are available at www.sec.gov or on the investor relations section of our website, www.genpact.com. Genpact may from time to time make additional written and oral forward-looking statements, including statements contained in our filings with the SEC. The Company undertakes no obligation to update any forward-looking statements that may be made from time to time by or on behalf of the Company.

Non-GAAP Financial Measures

These materials also include measures defined by the SEC as non-GAAP financial measures. Genpact believes that these non-GAAP measures can provide useful supplemental information to investors regarding financial and business trends relating to its financial condition and results of operations when read in conjunction with the Company's reported results. Reconciliations of these non-GAAP measures from GAAP are available in this presentation and in our earnings release dated February 4, 2016.
