New South African partnership to drive process effectiveness and performance improvement for SAB

Johannesburg, South Africa (August 3, 2009) – The South African Breweries Ltd. (SAB) today announced its partnership with Genpact, a leader in the globalization of services and technology and a pioneer in managing business processes for companies around the world. Genpact will assume responsibility for SAB's Shared Services Centre in Johannesburg, South Africa, as its business process manager. This includes the transition of all employees who are part of the centre, to Genpact with immediate effect.

Garth Saunders, Financial Director of SAB commented: "This initiative represents an important stage in our business strategy to leverage operational efficiencies. In focusing on business process management in our administrative and financial functions, we are very pleased to bring on board the expertise of a global partner like Genpact and to support their introduction to the South African market."

Commenting on this strategic partnership, **Pramod Bhasin, President & CEO, Genpact**, said: "We are delighted to announce our presence in South Africa through this strategic partnership with SAB. As leaders in Business Process Management, we are redefining the market by moving beyond managing process efficiencies to enhancing process effectiveness. We are extremely pleased to apply our domain expertise in Finance & Accounting to drive both higher process efficiency and greater process effectiveness for a global market leader like SAB. "

"South Africa is a strategic location for Genpact. Its favourable economic environment, modern infrastructure and diverse and talented workforce will enable us to further strengthen our global delivery model and help us serve our clients around the world even better," he added.
